BRANDON ARGEL

FRONT-END DEVELOPER

PROFESSIONAL PROFILE

I am a Front-End Developer with advanced skills in HTML, CSS, JavaScript (+ES6) and Git.

Besides I can also use React, CSS preprocessors, Node, Figma and notion. I like creating things for the web and learning new things every day.

PROFESSIONAL EXPERIENCE

Axo Systems

January 2021 - September 2021

- Web Development for in-house and client websites using HTML, CSS, Sass, JavaScript, React, Firebase, Wordpress, and more.
- Manually tested sites in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness.
- Clients included CNI Consultores, Solar Center, and more.

Consultora Blockchain

September 2021 - February 2022

- Developing a web application for the mayor's office in La Paz, Bolivia. Using technologies such as JavaScript, SCSS, storybook, and some JS libraries, such as React, Next.js, in addition to using Redux-Saga, among others.

EDUCATION

Escuela Politécnica Ing. Jorge Matute Remus

Professional Computer Technologist | August 2017 - July 2021

I studied computer science, where I learned the basics of various programming languages and web development.

I also did internships and professional projects where I was able to develop my skills and practice my knowledge.
